CHAMPAGNE

Non-vintage (NV), The winemaker's signature blend, crafted from grapes harvested across multiple years to ensure consistent flavour and quality. Aged for years in cellars, these bottles are ready to impress. When the base year is not listed, we label it as NV.

On the other hand, Vintage Champagne is produced from grapes picked in a single, exceptional year, capturing the essence of that season. Only declared in extraordinary years, these wines age longer, developing deeper complexity and serious ageing potential.
