NEW LOW CALORIE & CARB OPTION

Noah's Halal are excited to launch our range of new low calorie and low carb noodles!

Popular in Asia, we are rolling out these noodles made from the fibre found in Konjac Root. We are introducing 2 varieties of these noodles, a thin version and a wide version. Each option complements an existing dish and are so similar to traditional noodles that you won't even taste the difference!

Substitute traditional noodles and try them in our soups and noodles today!
